Council of Real Estate Brokerage Managers

Services Provided by the Council

The Chapters are extensions of the Council. However, we realize that most Chapters do not employ staff, but operate autonomously with the help of volunteers who serve as the leadership of the Chapter.

With this in mind, the Council strives to provide Chapters with services and programs that will enhance their viability in a cost effective manner. Listed below are programs and services that are currently provided. Please let us know how we can improve and expand our service to you.

Quarterly Chapter Webinars

The Council will host quarterly Webinars exclusively for Chapter leaders. Initial Webinar will be an introduction for the new leadership. Other topics include – CRB Resources and Chapter Support, Best Practices for Course Licensing, and ‘How To’ Webinars on current topics specific for Chapters.

CRB Council Promotional Materials

The Council will provide Chapter leaders with a supply of resource guides featuring Council recruitments, education and product information, CRB ribbons and other materials free of charge. Some quantities may be limited. Allow a minimum of seven (7) business days for delivery. If your Chapter requires expedited shipping, you must provide us with a FedEx account number for shipping.

Chapter Booth & Supplies

In addition to marketing materials, you can reserve our professional table-top booth display, on a first-come, first-served basis. Make reservations as soon as possible. The booth is shipped to you via FedEx ground delivery so allow a minimum of seven (7) business days to receive. If your Chapter requires expedited shipping, you must provide us with a FedEx account number.

Data for Labels and Reports

You may request a data file for your Chapter at any time. Data pull options include:

- ◆ Active, suspended and inactive members within your jurisdiction.
- ◆ Non-member course takers within your jurisdiction.
- ◆ New designees.
- ◆ New candidates.

Web

Chapters can link their website to the Council's website. The Council's site contains comprehensive information about Council products, membership, courses, webinars, meetings, and events. It also includes an on-line directory of all candidates and designees. We have also dedicated a LinkedIn Group offered exclusively to Chapter leaders to help facilitate discussions.

Chapter Update Report

This bi-monthly electronic report will provide an update on all Council activities.
